CLOBEC HOLDINGS

PARTNERSHIP BEYOND BORDERS

Your Trusted Partner For Comprehensive Project Solutions

Clobec Holdings brings together vast experience in Mechanical Engineering, Recruitment, Training, Civil Engineering, Expert Rigging, and Crane Supply & Hire to deliver "Turnkey" Companies and Consulting services. Serving Southern Africa for the past 15 years, our team ensures capable and comprehensive management and execution of projects

PARTNERSHIP BEYOND BORDERS

> ***Integrated Expertise, Seamless Project Delivery***

About Us

Clobec Holdings is Your Trusted Partner for Comprehensive Industrial Solutions in Southern Africa. With vast experience spanning over 15 years

Company Vision

Clobec Holdings is dedicated to anticipating and meeting the evolving needs of Southern Africa's industries. We provide comprehensive mechanical, civil, and electrical engineering services, expert rigging and crane solutions, and skilled labour and training. Our commitment is to deliver cutting-edge, safe, and high-quality services that drive progress and empower our clients for long-term success.

Company Mission

01 Our mission underscores our unwavering commitment to our clients' success.

02 To deliver capable and comprehensive management and execution of projects through integrated expertise

03 To be a preferred and trusted partner offering comprehensive, safe, and high-quality solutions while contributing to skills development and regional economic growth.

> *Your Trusted Partner for Comprehensive Industrial*

Head Of Clobec Holdings

DIRK VAN DER MERWE

With 38 years in the Engineering and Construction Industry, including extensive experience in Oil & Gas, Petro Chemical, Power Generation, Renewable Energy, and general design and manufacturing. His expertise covers project management, technical direction, and innovative knowledge in constructability and safe demolition methodologies

Dirk Van Der Merwe

PRESIDENT

Meet The Directors

Possesses extensive experience in the Crane Hire Industry in Botswana and has played a key role in significant projects. His deep understanding of rigging and heavy lifting operations, combined with 10 years of collaboration with Mark Bates, provides invaluable expertise.

Rebatho Kgosi
Chief

Kobamelo Hill
Executive

An astute and hands-on Executive with over 15 years of work experience in the mining & general construction sectors. He excels in Project Labour HR/IR Management & Project Administration, with a strong track record of setting up project operational systems, mobilizing, and recruiting project personnel

We have Vast Experience In?

- Mechanical Engineering
- Recruitment/Labour broker and Payroll
- Training
- Civil Engineering,
- Expert Rigging and Crane Supply

OUR SERVICES

- Fire & Dust Suppression: Design, Manufacturing, Installation, and Commissioning.
- Maintenance & Repair Works: Including Ship Repairs.
- Ship Loading Equipment: Consulting and procurement.
- Trailer Building: For skip bins.
- Plant & Equipment: Consulting and procurement for ship loading and warehousing.
- Conveyor Systems: Design and Manufacturing (specific types).

Medium Type

- Pipe & Vessel: Fabrication
- Installation, Hydro Testing
- Commissioning (Carbon steel, Stainless steel, HDPE, PVC).
- Structural Steel: Design, Fabrication, and Installation.
- Pressure Vessels: Fabrication, Hydro Testing, and Installation.
- Conveyor Systems: Design, Fabrication, and Installation.
- Corrosion Protection: Specialized Sand and Shot blasting with painting.

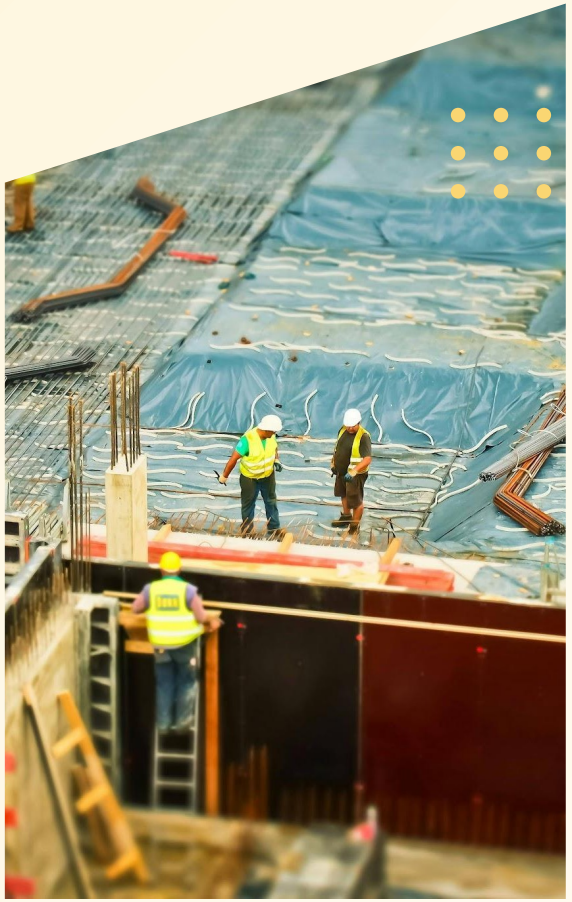

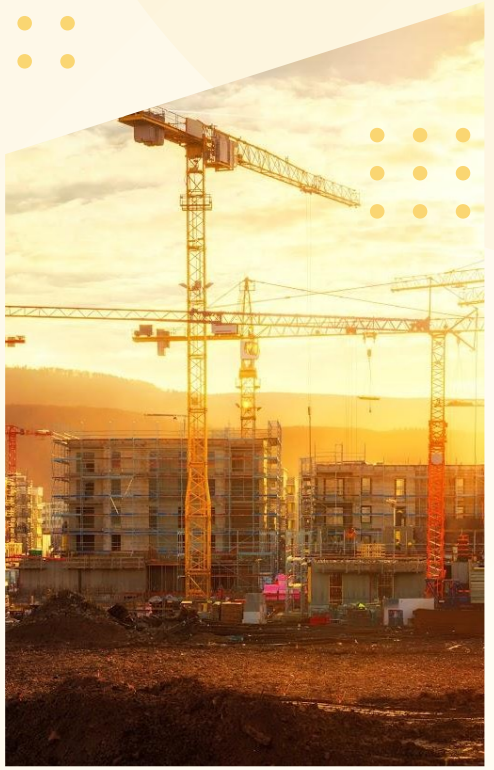

More Services

- Electrical Instrumentation, Installation & Maintenance
- **Construction and Development of new plant works,**
- Plant Shutdowns
- **Installation of E&I Equipment and Commissioning**
- Management system o cable pulling, dressing, glanding, labeling and terminations on E&I scope of work
- **Rigging**

Civil Engineering & Labour Broker Services

- Bulk Earthworks,
- Roads
- Infrastructure,
- Building Water
- Sanitation
- Labour and Immigration services and Consulting
- Labour/Staff supply
- Recruitment
- Payroll
- Labour/Staff welfare (Administration Contracts)
- Staff Transportation

Training Division

King Pin Training Division will create an environment where dedicated individuals, who are characterized by their diversity of skills, can be developed empowered and made into willing contributors of the economy

We as training provider strive to assist all our clients (Corporate, Government and Communities) with tailored courses within the flexibility of time and budget. We have collaborated with numerous Accredited Service Providers to enable us to give the best variation in training courses, skills programmes and certification in soft skills. We offer on- and off site training according to our client's needs and requirements..
